 Revalab has established a strong presence across international markets including **Australia, UK, USA, Malaysia, Sri Lanka, Oman and Dubai.**

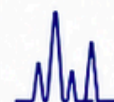

OUR PRODUCT PORTFOLIO

Analytical Instruments
Advanced analytical solutions for research, quality control and laboratory applications.

Laboratory Equipments
Comprehensive laboratory equipment designed for precision and reliability.

Chromatography
High-quality chromatography systems, columns, accessories and consumables.

Sample Preparation
Efficient sample preparation products for accurate and reproducible results.

Life Science Technology
Innovative solutions supporting biotechnology, molecular biology and life science research.

Supplies & Consumables
A complete range of laboratory consumables, chemicals, reagents and accessories.

Infrastructure (Lab Furniture)
Modern laboratory furniture and infrastructure solutions for safety and productivity.

Software Solutions (LIMS & LIS)
Digital laboratory management solutions for compliance, data integrity and efficiency.

OUR EXPERTISE

We specialize in sourcing and supplying a comprehensive range of pharmaceutical laboratory products from globally recognized manufacturers.

- Pharmaceutical Reference Standards
- Analytical Instruments
- Laboratory Equipment
- Chromatography Columns
- Laboratory Consumables
- Pharmaceutical Impurities
- Scientific Research Products

In addition, we facilitate the import and export of raw materials and specialized products to meet the unique requirements our customers across pharmaceutical, biotechnology, research, healthcare and industrial sectors.

WHY CHOOSE REVALAB?

- ✓ Over 25 years of industry experience
- ✓ Extensive product portfolio from leading global brands
- ✓ Fast and reliable delivery
- ✓ Competitive pricing across all product categories
- ✓ Strong domestic and international supply network
